

HT Parent Council Report

Report for 2nd September 2025

Football Team

Mrs King and Mr Graham held football trials this week to choose P7s for this year's school football team.

The team will participate in monthly tournaments at Nethercraigs. Mr Gordon and Mr Graham will be with the boy's football team this year.

There will also be a girl's football team. We are still waiting for details of their tournaments.

Credit Union

We will begin the process of recruiting and training Credit Union volunteers from our P7 year group, with a view to beginning collections after September weekend.

Whole School Open Afternoon

Wednesday 24th September will be our whole school open afternoon. We are tying this in with a PAThS information session following parental feedback that they would like to know more about PAThS.

Information has been sent out about this.

Reading

Both paired reading and reading with dogs will continue this school session.

Thank you to the parent volunteers who support our paired reading program.

Library

This has been on our Bluesky, to show everyone how wonderful the refresh of this area has been. Miss Logue and Jim have worked hard on this and we are grateful for donations to help with this.

Parental Involvement

As mentioned in our newsletter, we would like parents/carers involve more in the life of the school and decision making. We will have more information and discussion about this over the course of the year.

Part of this is involvement in RRS.

RRS – Going for Gold

Following the success of our silver award for Rights Respecting school, we are now going for our Gold Accreditation. The areas we will be focusing on will be:

- Ensuring our whole school community all know children's rights, and they are visible around the school – term 1
- Exploring dignity and equity – term 2
- Campaigning locally and globally – term 3
- Continue to provide opportunities for children to make decisions about our school - ongoing

Feedback from our accreditation visit was very positive, but one of the areas for development was to involve parent/carers in the work we are doing on rights.

We are grateful to Parent Council for agreeing to meet with the Rights Committee monthly.
