

HT Parent Council Report

Report for 4th March 2025

Gym Hall

We are pleased to announce that our gym hall ceiling has been fixed and we can now begin using this area again.

Parental Engagement

Play Along Maths and Fun with Words are parental engagement initiatives that support our parents to work with their child on their learning. Mrs Strang PT and Maths Lead has welcomed families from P2, and Mrs King PT and literacy lead has welcomed selected parents from P3. Both initiatives have been a great success. Next term Play Along Maths will be offered to P1 and Fun with Words will be offered to P2.

Clothing Bank

The Cluther Trust kindly donated school uniform to us and we will have this available for families to take what they need at parents evenings.

Book Week

We are currently at the beginning of what is sure to be another successful book week, led by Mrs King our PT and Literacy Lead and our Literacy Leaders. We were all very excited to go to the library today and celebrate the success of the library campaign.

All the fun is on our Twitter Page so please do have a look.

Primarys 2 – 7 enjoyed a show of the Railway children in school. We hope to make this experience a regular feature around book week each year.

As part of Book Week we will have book fair at parents evening.

Parental Feedback

The views of our parents are very important to us. At our upcoming parents evenings, we will be encouraging all parents to scan a QR code to complete a short questionnaire about the school.

Sport

The girls football and boys football teams have been playing against other learning community schools at Nethercraigs. All those involved have been wonderful representatives of Cardonald Primary.

Our P7 athletics team have been training with Mrs Strang and will compete in the Super 7s athletic event this Thursday.

P2 have has lunch time football sessions with a football coach who is from today now working with PIs at lunchtime.
