

# Learning Hubs

**Volunteer Tutors Organisation**

Inspiring Achievement,  
Building Confidence

## ***What is a Learning Hub?***

- Trained Senior Pupils from a local High School come to your children's Primary School to support them for one hour every week with numeracy, literacy skills and confidence.
- A member of VTO staff facilitates the sessions and organises the 1-2-1 activities and games.

## ***What's in it for your child?***

- Building a positive relationship with their Senior Pupil Tutor
- Building confidence with homework & social situations
- Reinforcing their skills through activities & educational games
- A safe space to do their school work & ask for help
- Tutoring works!

**Please get in contact  
with your child's  
school regarding  
availability.**
